

How to upload work onto showbie

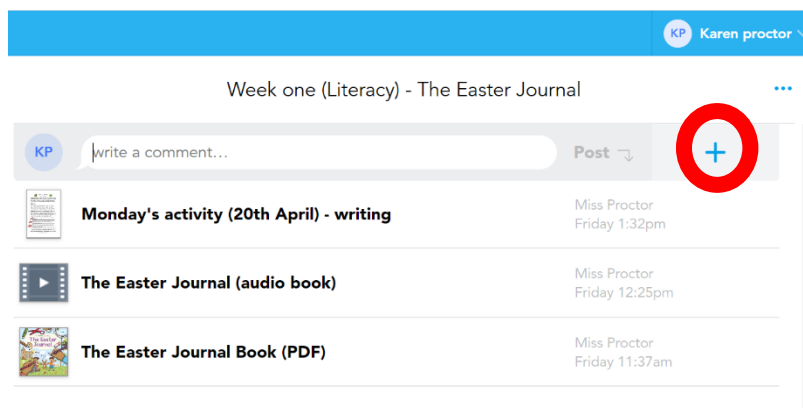

There are lots of ways you can upload Showbie and it depends how you have completed the task. You might do it on the computer on a word document, write in your jotter or on paper and you may take a photo. Below are lots of ways you can upload. I have created my own student account to show you what it will look like for you.

Step by step guide:

Step 1: Click on the assignment (Week 1 literacy this week)

Step 2: Click on the cross at the top right beside 'write a comment'

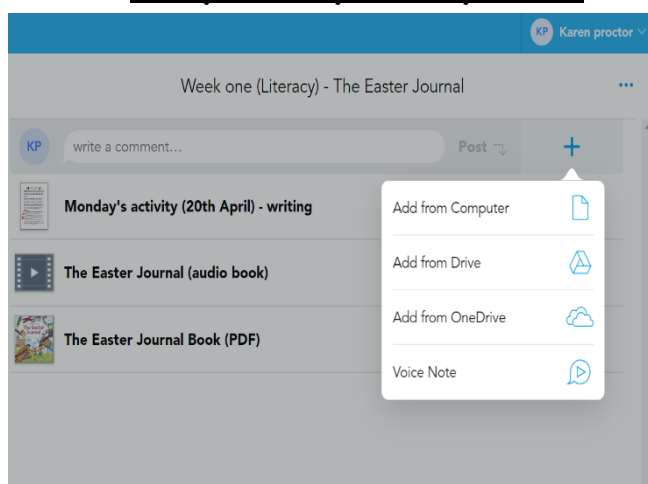

Step 3 (Only step different on computer and tablet): If you are on a **computer**, press 'add from computer' and choose the word document your child has typed **or** select the photos that you have taken. If you are on a tablet/mobile you can do multiple things.

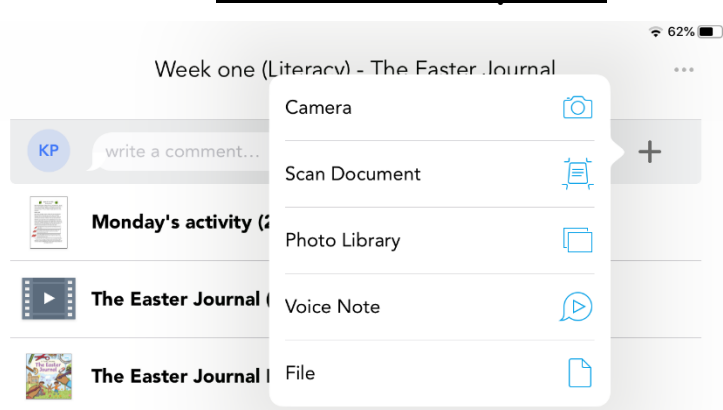

- Take a picture
- scan the written document (if hand written)
- take photos from your album
- attach the word document from the device clicking 'file'

Once you have chosen what you want to upload then choose the tick icon or press upload.

Computer upload options

Mobile/tablet uploads

Step 4: Click the tick or upload button and it should then be at the top of your profile like below. I will then be able to see that you have shared it with me and I can mark it and comment.
